

## HOW TO UPLOAD JTA MAP IN OSSDC SIM

After installation of polyverif project directory look like this

For adding new map we required environment file.

Use below link for downloading env file for particular map

e.g. OSSDC\_environment\_JTA\_R2.zip

<https://drive.google.com/drive/folders/1DT79eVx84RdUAoqJbq6JNp7FkRrz5ff>  
[O](#)

After downloading “**OSSDC\_environment\_JTA\_R2.zip**” paste it in following directory.

*adehome/OSSDC-SIM-v1\_1-Linux/2021.3-ossdc/Environments*
